Handwritten text on the left margin, possibly a date or page number, partially obscured.

Dear Marie,

I can still remember the first time I really met you. It was at Norb's house at the ~~_____~~ pool party. For a long time after that I would see you in the halls at good old C. C. H. S. but wouldn't talk to you. Then in ~~my~~ senior year, we were put in Dorcas's study hall. Here we again became well acquainted. For the first few weeks of school we just sat there, not saying much.

Then came Friday night, October seventh. I got home from work wanting to go to a party the next night. I guess I called Martha first because I saw her on the bus every morning and she lived reasonably nearby. As you will know she didn't go. At first all was lost, it seemed to me I couldn't go without a date. That's when fate stepped in and I thought of calling you. That was the most important phone call I had ever made. You said yes, and we went. I don't know if you really enjoyed that night, but you really didn't let me know. I know I had a lot of fun. After that we would see each other in school, stop and talk a while, but really not have any fun or do anything.

Then came Judy's birthday party. I thought I would have a terrible evening because I had to work that night. I also had a lot of fun there too, just as at Sharon's party.

Then that Monday that we had the snow-day from school, I called you from Allen's. We were talking for a

The Nineteen Sixty-Six CENTORIAL

while and then I asked you to the Senior Ball. At that time I didn't know for sure if you were really excited about going to the Ball, or if you were putting on an act to make sure you got to go. I ~~now~~ know otherwise.

Then came Big's birthday party. That's when you met my "other-side." That night was really wonderful.

Finally the big day arrived May 27th 1966 the Senior Ball for the "Class of '66." You really were beautiful that night Marie. You seemed very composed, even though Nail had that flat tire and we were late picking you up. After the bus at the Charter House, we went for early breakfast to the Cordon Blean. That's where I got sick. I don't think it was actually from a cold or the flu or something, but the culmination of the excitement of that wonderful day.

FOREWORD

This is your Centorial, a kaleidoscope of achievements, your stepping stones to the future:

Educational enlightenment—by our faculty and through the Quintilian, Science, and Debate clubs.

Scholarship—through our National Honor Societies.

Democracy—through our Student Councils.

Information—through the Scribe.

Occupational development—through the Future Teacher's, Future Nurse's, and Audio-Visual clubs.

Service—through the Library Staff, Newscasters, and Bookstore crew.

Friendship—through the Hi-Y.

Poise—through the Dramatics Club.

Enthusiasm—through the cheerleaders and Lettermen's Club.

Sportsmanship—through the athletic teams and the Girls' Athletic Association.

And most important of all—school spirit through you.

Then there was the Senior Class Picnic at Akron. I was late again that morning and thought we'd be late getting to the park. As it turned out we weren't. That was the most fun I've had in ages, and really proves that all work and no play makes Jack a dull boy. Then there was the ride home. Let me say this here and now, I've always respected you and always will.

All these wonderful times are gone, but there is still the summer to look forward to.

Best of luck always and may God Bless.
Love Jack

DEDICATION

Although he has been on the faculty at Central only a few years, Mr. Oppermann has won the admiration of students with his congenial personality and informal structure of his classes in Citizenship Education. As Coach of the J.V. Football Team and Varsity Swimming Team, Mr. "O" has contributed his talents in the interest of promoting school spirit and furthering student participation and competence in athletic competition.

A graduate of Bennett High School and Hobart College, Mr. Oppermann pursues as a special interest, the study of American History.

In recognition of his contributions to the student body both as an educator and in extra-curricular activities, the yearbook staff dedicates to Mr. Oppermann this 1966 edition of the Centorial.

FACULTY

and

ADMINISTRATION

DISTRICT PRINCIPAL DR. EARL J. BOGGAN

Rapid technological changes are leading to labor-saving devices which will mean in the future, that youth will be going into a world of employment which will require fewer work hours per week and at a greater financial remuneration than at present.

The learning of a skill and being assured that the skill will enable one to earn a living throughout the rest of his life is rapidly disappearing. The effects of automation will require relearning of new skills constantly in an effort to keep abreast of the changes in one's chosen vocation. The greatest challenge will be how to use the increased amounts of leisure time to best advantage.

Today's youth entering employment will be able to retire younger and with retirement benefits that 30 years ago would have been considered pure fantasy.

The stepping stones to the future are all about you in the form of opportunities to learn, appreciate and understand how the involvement of art, recreation and service to others can make your life so much richer. The use of leisure time can be an enriching experience or a waste.

The future will require a well integrated individual who can budget his time and keep abreast of the changes in his formal employment and at the same time know how to take full advantage of his increased leisure time.

Best Wishes
PRINCIPAL
Chas. S. Allgeier
MR. CHARLES ALLGEIER

What is there to be said to you, the Class of '66, in preparing yourself for the days that lie ahead? I would say that your generation stands at the threshold of the most critical period in all ages of civilization. Other generations have been summoned to speak for a nation, a continent, a hemisphere, yours must speak for a planet. Previous generations have been called upon to build a country, survive a depression and win a war. Yours is being asked to save a civilization. We cannot accomplish this by following the crowd, by being average, by being mediocre. No one becomes skilled by accident. A man must have training and experience. To earn a living, to discharge the responsibilities of citizenship and to enjoy the leisure which increased productivity promises, more education will be necessary for almost everyone in the years that lie ahead. I dare each of you to secure all of the education possible, to develop a willingness to work, to let your imagination carry you far afield, not to be afraid to be different and risk being called a "square" because you wish to do right by your fellow-men.

THE BOARD OF EDUCATION

Reading problems in the seventh and eighth grades this year are being approached by this new program. Mrs. Van Brunt, the head of this project, hopes to create an atmosphere that will be conducive to reading, as well as one in which the students will want to read.

The reading of magazines and newspapers which interest the student is one of the new methods introduced in this program. Magazines and newspapers are chosen as the reading matter for they are interesting to the student, causing him to want to read and strive to understand what he is reading.

Although, it is still too early to notice any success on this new project, it is evident that an interest in reading has been stirred in a vast majority of the students.

GUIDANCE DEPARTMENT

What is the Guidance Department? To many people it means many different things.

A new student will look on it as a refuge from the mass confusion of the first day in a new school.

The Guidance Department is a forbidden place to be on the first day of school if you want a change in your schedule, unless you wish to risk the penalty of a haggard counselor glaring at you.

In doubt about which course to take or unsure about regents or non-regents, the eighth graders are offered many suggestions and possible solutions.

The undecided Senior looks at the Guidance Department as a mound of pamphlets and ideas concerning jobs and colleges.

Many teachers, to the dismay of the counselor, find the Guidance Department the place they can find John when he should be taking a test.

The counselors feel the department is long talks with students, files of student records, conferences with parents, piles of endless forms, but most important the place where a student will find himself and know where he is going after he discovers this.

To you it could mean a wealth of sound advice and a helping hand over the stepping stones to your future.

MRS. M. GOODMAN, MRS. M. BURZIK.

SPECIAL SERVICES

THE CLINIC . . .

A well integrated school health program is dependent upon the close cooperation of all those concerned; the child, the school administration, parents, teachers, school and family doctors, school nurse-teacher, speech therapist, psychologist, dental hygienist and family dentist.

The aim of the School Health Program is to obtain and maintain the best possible physical, mental and emotional health for all students. These health services include the annual physical examination, subsequent athletic examinations, dental inspection, screening for vision and hearing acuity, emergency first-aid care, and assisting in the immunization program which includes diphtheria, tetanus, poliomyelitis and smallpox vaccination.

Recommendations relating to the health needs of students are submitted to parents, teachers and the school administration.

THE DENTAL STUDY . . .

The National Institute of Dental Research at Bethesda, Maryland, is using their accumulated research information to aid in the prevention of cavities at Cheektowaga Central High School for a second year.

The results from this new method of applying fluoride may make a most exciting and valuable contribution to Dental Health.

DAVID ARENT

I can't remember too much about our Freshmen Year—seems so long ago—but isn't that the year we had the Skating Party and the Splash Party?

Remember our Sophomore problems? We worked all year on a dance to be held in April—a dance we couldn't sell enough tickets for—the kids worked so hard, too . . . I'm sure the office remembers our Sophomore year—the flood of students requesting locker changes from the junior high side . . . We had a hard time collecting class dues but we managed to get nearly everyone's cooperation.

So much happened our Junior Year. I can't recall all I'd like to. Probably one of the biggest events was the purchase of our class rings . . . everyone was pleased with them . . . Of course we had to raise money as our Senior year and all its expenses was so close, so we sold candy, had a bake sale at a basketball game, collected our perpetual dues, and on the day of the Senior Ball we had a car wash giving a helping hand to the harried senior boys . . . Remember the problems, fun, and excitement of preparing for our Junior Prom? The janitors in collecting the "garbage" accidentally threw away half our materials, and how about our water-logged cherry tree? Anyway we finally had the prom. The theme "Shangri-La" and the music of Joe Nowak and his orchestra transcended all description. Ending this year's activities were the class picnic and the dreaded Regents exams.

We started our Senior Year with the usual enthusiasm and "Senioritis." The days throughout this year weren't easy to forget. The pizza sale in November, our dues, and other projects made it possible for us to hold our Senior Banquet, the Senior Tea, and the final social event of our four high school years, our Senior Ball. Soon after was our Class Day's arrival with Graduation following close behind. As we received our diplomas, many of the events of the past four years flashed in front of our eyes. Though most were joyful and some sorrowful, we shall cherish them all forever.

Marie,
Remember all the fun we've

Marie,
Best of luck
to a great future things
Remember see me together!
We went through together!
Be good and don't do anything
That I wouldn't do.
God Bless!

A sense of humor is sometimes vital to success . . .

Candidly captured during a momentary pause in their academic day, several Central Seniors illustrate that High School affords every student the opportunity to . . .

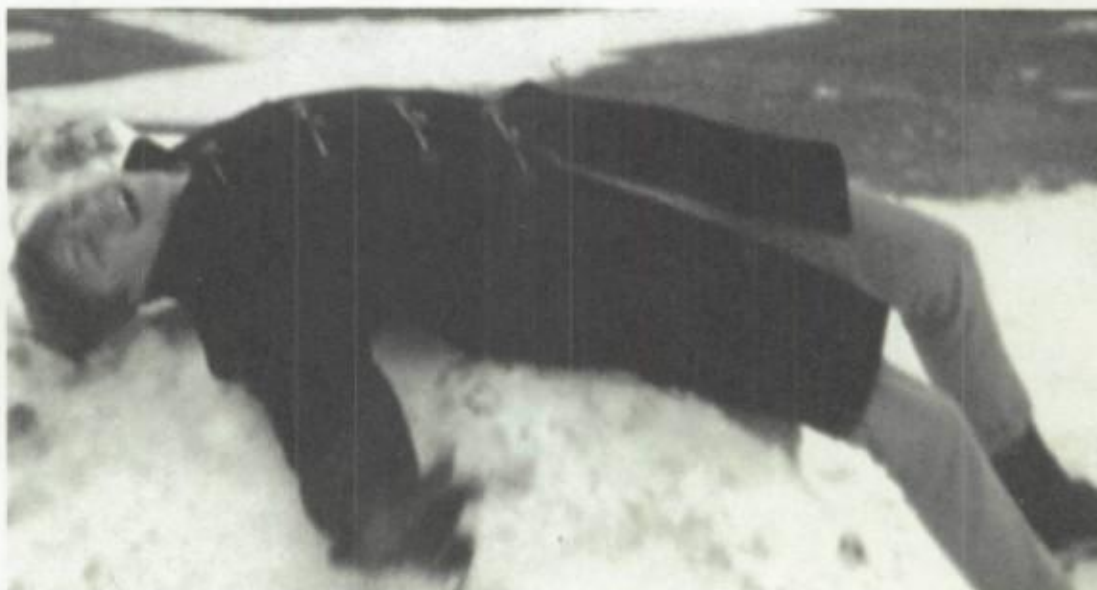

Learn valuable lifetime skills . . .

Make new and lasting friendships . . .

Improve the mind and explore new horizons . . .

Discover that happiness is passing every subject . . .

... Considering it's Monday, the situation is perfectly normal: registers due at nine, report cards at two, fire drill this morning and assembly this afternoon, corridor duty this morning, teachers meeting after school and the periods are reversed ...

... this happens everytime we serve pizza ...

(morning announcements) "Will the student occupying locker NO. 102 report to the High School Office IMMEDIATELY?"

This past year has been one of frantic preparation, hard work and the passing of many hours contemplating the future.

During September the Class of Sixty Seven chose as their officers Karen Zintek as President, Ann Frys as Vice President, Karen Berschek as Secretary and Treasurer, Sharon Zwolinski. A highlight of our Junior year followed when we were measured for class rings. Many of the boys will remember this as the year they made a Varsity team or earned a major letter. Later came the Junior Prom, the culminating activity that placed us at the threshold of our Senior Year—another big step to the future.

Those "Three whole years" have suddenly become only two more years ahead until "senior-dom" and graduation. Realizing this and knowing that good leadership is essential, the Sophomore Class elected as their officers: President—Ed Guenther; Vice President—Dennis Brown; Secretary—Marilyn Strempski and Treasurer—Jean Both. Finally regarded as being a part of the senior high, this year's Sophomore class contributed a great deal to the activities throughout the school. Accepting more responsibilities, making more complex decisions and facing the first Regents Exams were among the challenges accepted by this group as they took another important step towards the future.

All too often a Ninth Grade Class will look upon their future lightly thinking that there are three whole years ahead to accomplish what need be done. Although hard to believe at the time, becoming a Freshman is an important step towards the future. Decision as to a course of study must be made, improved work habits established and greater responsibilities must be assumed by each individual if the class is to advance. Under the capable leadership of President Mike Mogavero, Vice President Dawn Heigl, Jim Lewek as Secretary and Treasurer Bob Johnson, this year's Freshman class made their advancement to Sophomore status while displaying good judgment and perseverance.

The Scribe staff worked zealously to stimulate student interest in the newspaper by formulating new columns for more insight into the school's activities. News, unclouded with false idealism, and honest opinions were presented in order that students would be incited to use the paper as a means to express their opinions. Reporters concentrated on improving journalistic style to produce a paper awaited and eagerly read by an increasing number of students and teachers.

On being inducted into the Senior National Honor Society, the new member accepts certain responsibilities and privileges.

Scholarship, leadership, character, and service form the basis of responsibility. Throughout the year, members are asked to aid in projects of value to our school in accordance with these ideals. Tutoring, serving as guides, typing for teachers, and operating the Paperback Bookstore are some of the tasks which this organization undertakes. Balancing this responsibility of membership, however, are special privileges extended to members.

Under the capable guidance of Mrs. Mernan and Mrs. Hammond, the Senior National Honor Society has had a very productive year.

Selected for their personal qualities of scholastic excellence and leadership potential, these students from grades seven through nine strive to instill in others an interest in academic achievement and school spirit. Under the direction of Miss Legierski, this group conducts assemblies, assist faculty, and in general work for the betterment of school and community.

SENIOR STUDENT COUNCIL

The two major goals of the 1965-66 Senior Student Council were to increase school spirit and at the same time to enhance the image of the Council. A Student Court was formed with the hope of helping to eliminate undesirable student behavior. Working closely with the administration and faculty, the Council inaugurated a monitoring system for corridors and lavatories. Other suggestions, too, were made for the improvement of the school. A close relationship was developed between Junior and Senior Student Councils, as they cooperated on such projects as Dress-Up Days and dances. Buses were provided to away basketball and football games. The last important undertaking was the presentation of the Third Annual Variety Show. In general, it is the opinion of the Council that some progress has been made toward the realization of its goals.

JUNIOR STUDENT COUNCIL

The first official duty of the Junior Student Council under its new advisor, Mr. Bifano, was to elect its officers. During an assembly in October the officers were sworn in by the Officers of last year. The new leaders of the council this year were: President, Linda Stankevich; Vice President, Denise Borowaik; Secretary, Debbie Denz; Treasurer, Paul Wiechec.

The council again this year held its annual magazine sale. The proceeds of this year's successful sale were used to benefit the Student Exchange Program.

Another undertaking for the council this year was a dress-up campaign for grades seven, eight, and nine.

Again, as in the past, members on the council this year volunteered to collect homeroom buff cards each morning. This daily practice has proven to be an invaluable service to the faculty.

A voice in what happens to the seventh, eighth, and ninth grades is the immediate goal of the Junior Student Council, but more important it hopes to promote better cooperation between teachers and friends. Eventually it will prove to have been an unskippable stepping stone to the future of its members.

BAND

The community and student body have had an opportunity to witness the growth of Central's Music Department from what six years ago was merely a group that performed to the three accomplished groups that presented an inspiring and polished Christmas program and a noteworthy Spring Concert. It is now with a sense of pride that students and faculty refer to the Band and Choral groups which are under the capable and inspired direction of Mr. Grillo and Mrs. Shriver.

In February of this year, several seniors participated in a panel discussion on WBEN radio. A week before this discussion, the students were presented with their topic. During this time, the students did extensive research and formulated opinions on the basis of these facts. On that Sunday, they offered their ideas in an intelligent, well organized manner which proved very effective.

FUTURE NURSES CLUB

The purpose of the Future Nurses Club is to bring together in high school young people interested in nursing and health, in order to explore opportunities and requirements in their fields.

The past year has been a very successful one as we accomplished many things. We gained nursing experience helping in the clinic, during Study Hall periods and also assisted with the immunization program.

Service projects during the year included:

1. Sending good will cards to our students who were ill in the hospital.
2. Doing volunteer work in the area hospitals.
3. Making tray favors for the children's ward.
4. Being responsible for the bulletin board in the clinic.

An exciting field trip to Meyer Memorial Hospital was made on December 4 and a Xmas party was enjoyed by all.

The Future Nurses Club sponsored the Lynnette School of Dancing on June 12 here at Cheektowaga Central.

Two fifty dollar scholarships are given each year to any senior entering a school of nursing with the money that is raised during the year.

OUR MOTTO: "Find your future through the Future Nurses Club."

LETTERMEN'S CLUB

The Lettermen's Club, under the direction of Mr. Frazer, is primarily an honorary organization. Its purpose is to promote participation in athletics throughout the school year. It is also intended to promote good sportsmanship and fair play in sports. Membership is open to any student who has earned a major letter in any sport. The requirements for earning a major letter vary with each sport, but generally it depends on the student's achievements or his participation in that sport.

The Lettermen sell sports schedules at the beginning of each year. Throughout the year, they sponsor a number of sports nights in which a good number of the students participate. The money which the lettermen earn is used towards the purchase of school jackets for the members.

Our 1965 varsity football team was greatly improved over the squads of previous years. As Coach Rearic said at a pep rally, "We are small in size and number, but we have the attitude to win."

The season started off with three defeats but our defense came to life in the third game. On October 9, 1965, a date which will remain in the minds of the team forever, we defeated our rival J.F.K. High School in a dramatic 7-6 battle. This was our varsity's first win after nineteen losses in a row.

As a whole, the season was a success because the team never quit trying and always played a hard game. The fellows learned a great deal through victories and defeats which they will remember throughout their lives.

CROSS COUNTRY

This year our cross country team had its best season since our school came into being. There were a few times when only one point separated the winning and losing teams. Our squad broke the school record and the freshman record for two and a quarter miles of running. The team was composed mainly of freshmen with a few seniors. These seniors did their job well while the freshmen developed themselves quickly. If the boys keep up their hard work, the future of our cross country team looks very bright. As a whole, the team maintained a high competitive spirit which helped it to achieve success.

TEAM—Left to Right: B. Braid, T. Marlinski, E. Petre, K. Schenk, M. Delle Donne, M. Dryden, J. Springer, F. Rickard, J. Heitz.

This year our Varsity Basketball Team had its share of problems. Although the tallest team we have had in many years, we unfortunately lacked the talent which makes a team consistently victorious. The boys tried their best and never quit no matter what the situation was like. They played a number of close games where they lost by only a single point.

JUNIOR VARSITY BASKETBALL

FIRST ROW: B. Kania, D. Fogelsonger, J. Garner, D. Del Principe, M. Culkowski, M. Greco. SECOND ROW: E. Guenther, J. Burke, B. Greiner, D. Zacharyasz, R. Montondo, B. Hall, G. Grote. THIRD ROW: M. Mogavero, M. Meyer, P. Schenk, D. Erickson, D. Gzik, D. Voigt, P. Letki, J. Letki, D. Hollfelder.

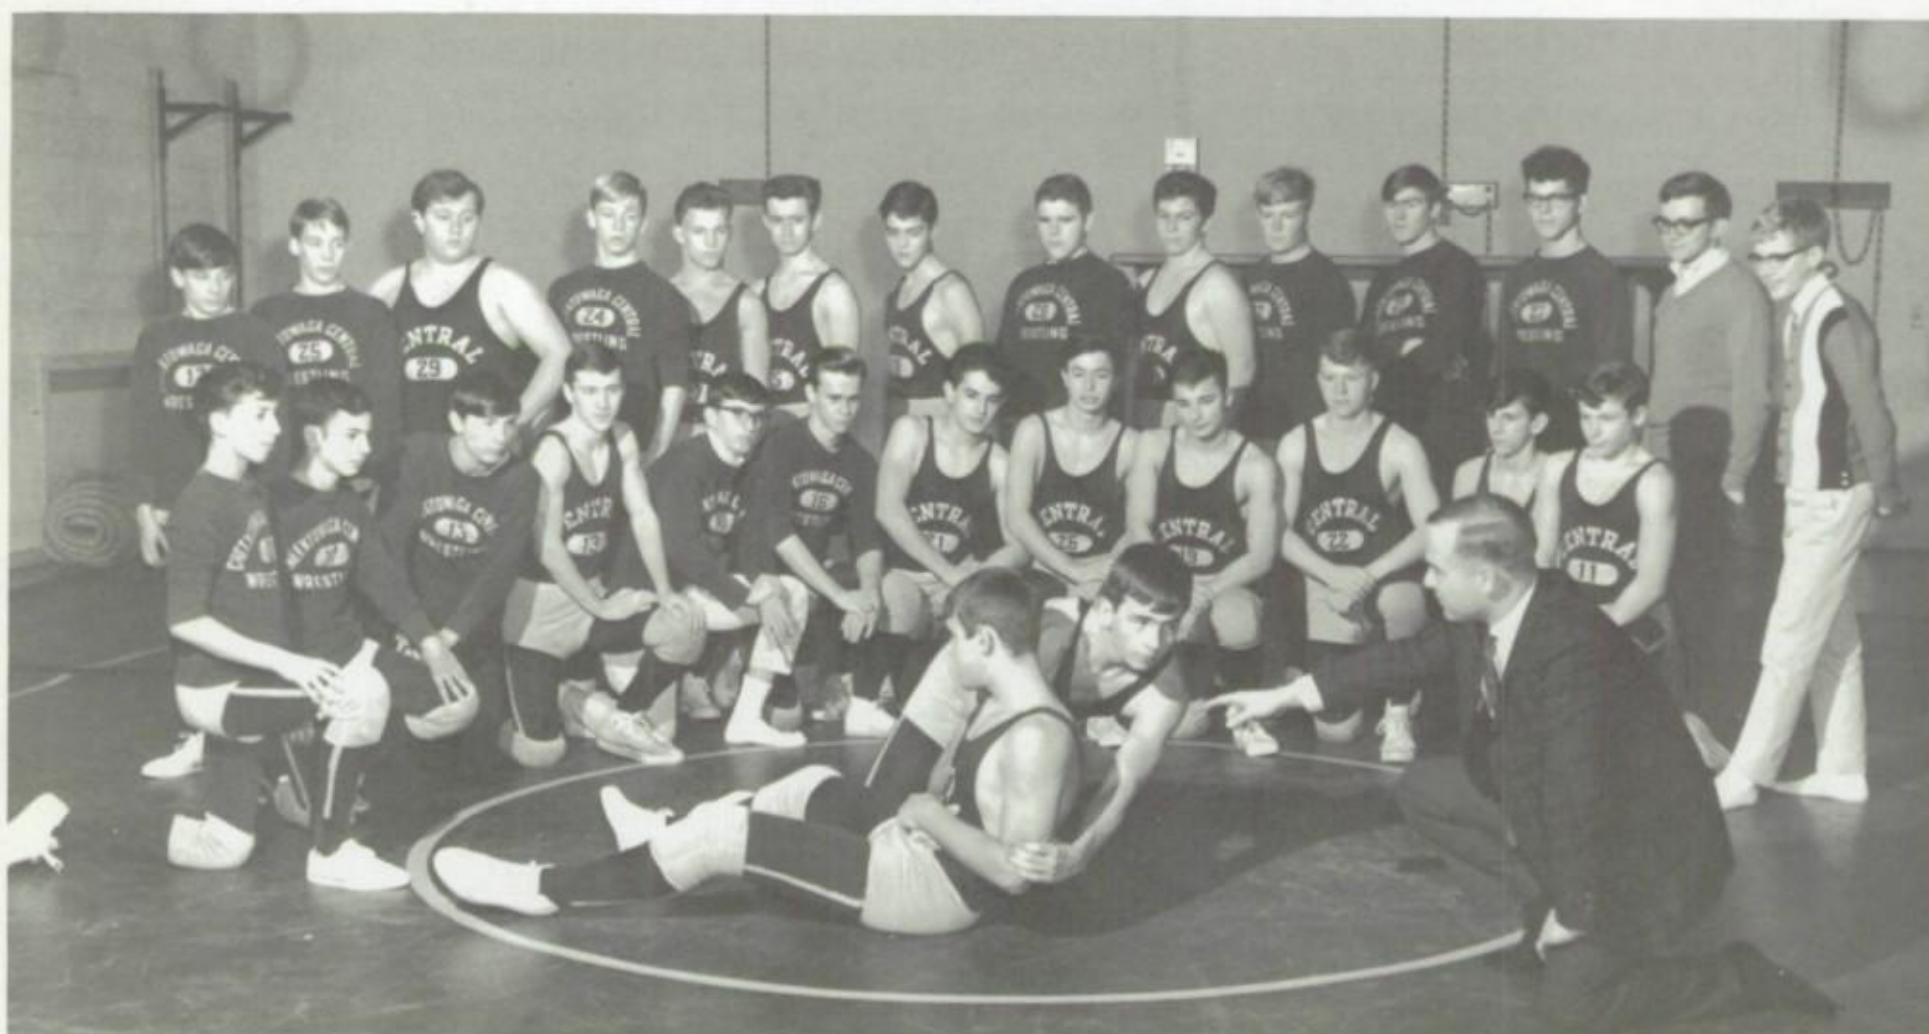

Our Junior Varsity Basketball team enjoyed its best season since the founding of the school. They performed well on the court and used their talents to the fullest extent. If they continue to work as hard in the future as they have in the past, we are sure to attain the division championship next year. The team seems far ahead of other teams in learning the techniques of the game and when they become the Varsity squad next year, should have mastered the fundamentals and picked up the intricate points of basketball which distinguish a good team from a great team.

The swimming team did fairly well this past season. It won quite a few of its meets and many records were broken. As usual the older members of the team deserved a great deal of the credit for their fine accomplishments. They were the ones who took most of the first places in their events. A good swimmer, like most other athletes, takes years of hard practice to develop. That is why the older boys, who have been on the team for a number of years, have done so well. The younger members of the team, who will return to swim next year, will be stronger and more experienced. They will be able to continue driving the team ahead toward more victories.

RIFLE CLUB

The intramural sports program for boys has three main objectives. First it is designed to instill the ideals of good sportsmanship into the minds of the younger boys of the school. Secondly, it gives the younger boys a chance to see how they will like a sport before they get on an interscholastic team. Lastly, it gives those who could not devote the time to an interscholastic team, a chance to keep physically fit.

This organization, open to grades 9-12 has as its primary purpose, the promotion of sportsmanship. The girls participate in soccer, field hockey, volleyball, basketball, badminton and baseball. Besides these, the G.A.A. sponsors the water ballet in the spring and various parties throughout the year. Thus, through athletics, the girls are also able to socialize with each other.

HIGH GIRLS' ATHLETIC ASSOCIATION

The Jr. G.A.A. is an organization for girls in grades 7-8, designed to prepare them for participation in Sr. G.A.A. activities. The girls enjoy the same athletic games as the Sr. G.A.A. and by the ninth grade these girls are already schooled in friendship and good conduct.

Mr. Charles S. Allgier
Principal
Cheektowaga Central High School
Cheektowaga, New York

Dear Mr. Allgier:

Cheektowaga Central High School students last year helped to write an important chapter in dental research history. The project to which they have contributed appears so promising that the United States Public Health Service, as you know, is continuing it for a second year.

We are deeply grateful to these public-spirited young people and to the faculty for their outstanding cooperation in making this project possible, and we are counting on the continued daily use of the mouth applicator by each student in the study during this final year.

Medical progress has always been built on the sacrifices made by a few for the benefit of the many. It is not always given to those who have contributed their time and energy for furthering the health and welfare of mankind to see the fruits of their efforts in their lifetime. However, the research to which the students at Cheektowaga Central High School are contributing has already demonstrated tangible results. This study will not only aid future generations but it is also personally benefitting the participants through a significant reduction in tooth decay.

The worth of this project has already been recognized by the Peace Corps, which has adopted a similar oral health procedure.

It is a privilege for us at the National Institute of Dental Research to work with you, and we look forward to the continuing cooperation of each of you toward successfully culminating this important research on preventive measures.

Sincerely yours,

Harold R. Englander, Dental Director
Epidemiology and Biometry Branch
National Institute of Dental Research

Dear Marie -
I don't know if it is
not the word to say to you
at this time. I said this to you
would be a tear-jerker but that
is it what it is, actually it only will be
a short story about we were at
Remember when we were at

the easiest you were poppamus together.
Then we were May. But for me will
quite to you. I know of what I brought us
we really got to think of that point of our
year of year. I think of our friendship it was the
you got to go to South America and really fear the
we could always tell each other. But of our mother's
had seen to meet it just wonderful. You and Roger
that we had just about our numerous family
there was just shopping for our dresses and just getting
you were just great. Don't ever forget that year was
at your hotel. After all, I had a wonderful time. You
got to many more and I had a wonderful time. You
